

ANTI-STATIC COVERINGS

CONDUPLAST[®] W A+B

Epoxy waterborne self-leveling / anti-static product

The coatings made with Conduplast W are able to dissipate electrostatic charges, harden even in humid environments and offer great permeability.

The end result is a matte, non-slip and easy to clean surface.

Conduplast W can be used for electronic industries, rooms where flammable goods are deposited, areas where wire-guided trolleys pass, operating theaters.

Technical specifications

Product for professional use. The purchaser undertakes to strictly follow the above warnings when applying the purchased product and the instructions in the safety data sheet.
